# Services & Pricing Guide

[www.bridezel.com](http://www.bridezel.com)

# Hi!

I created this services and pricing guide as way to share with current and future clients what I can offer them and what they can expect when investing in themselves through my services.

*Bri Dezel*  
Founder, Bri Dezel Photography.

# My Photography Journey

I've been doing photography for over (5) years. I started with fashion blogging because of my love for clothing and personal style. The first person I learned to shoot and edit well was myself. I used that time in my life to explore what I liked about being in front of the camera as well as behind it.

Over time, I started gradually shooting other people and realized I enjoyed being behind the camera and challenging myself to make other people feel comfortable with a camera in their face.

A theme that you will see throughout my photography, whether it's headshots, family portraits, or special events, is some nod to fashion. There will always be a glimpse of that in my work because I love it. I like to think that I can take any photo from any shoot I've done and put it on a magazine cover.

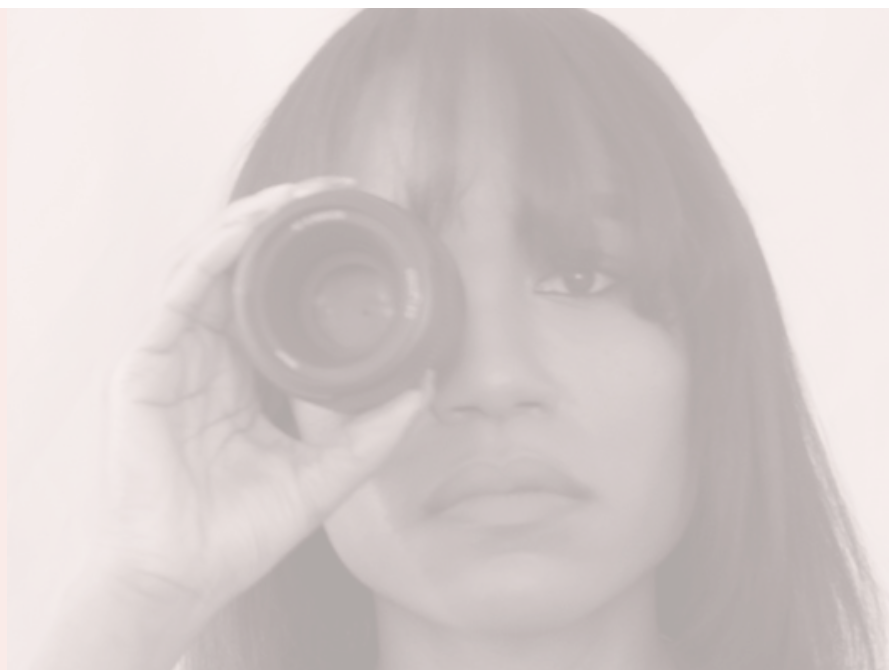

# Why Work with Me

Something I've learned over the years and with the help of my supportive and wise husband, is that not everyone will be my client. Once I realized this, although painful to accept initially, I began to focus on who my clients really are...

- My clients are business owners who are seeking to elevate their brands visually and understand the importance of professional quality photos to do so.
- My clients are also families who want to capture beautiful moments with their kids or significant others.
- My clients are also creative people who have a vision that they need the support of a photographer to bring to life.

When you choose to work with me, I will work to understand and bring your vision to life! My first priority is your vision. I am always seeking to make things easier for my clients and ensure they have usable and useful images.

# How It Works

## 01 COMPLETE MY CONTACT FORM

The contact form will allow you to choose the service that you are interested in and provide additional details about your vision.

## 02 REVIEW CONTRACT AND TERMS

Once I receive your contact form, you will receive a contract via email to review along with other important terms.

## 03 PAY THE INVESTMENT FOR YOUR SHOOT

Once you review the contract terms and payment schedule, you will then make a payment based on the agreed to terms.

## 04 PHOTOSHOOT AND TURNAROUND

Once we complete the photoshoot, I will send watermarked photos for you to choose up to the specified number agreed to based on your service and photos will be returned during timeframe specified in contract.

# Testimonials

## Justin L.

Bri is my wife, but she is also one of the best photographers in Houston! Some may think this is a bias testimony, but every one that she works with will agree that she is a very professional photographer who takes her craft very serious! I love her creative thought process prior to photo shoots where she discusses what kind of poses I may be expected to take, as well as where the photoshoot will take place. It is very evident that she continually works to improve her skills because I'm always amazed by her work from shoot to shoot.

## Shondrika C.

"I have worked with Brittany (Bri Dezel) since the launch of my business. Every branding vision I have casted to her she executes beyond my expectations. She manages to capture the very essence of a brand and bring it out in a shot. That's why she's my branding photographer!"

## Ariann B.

"I have been working with Brittany (Bri Dezel) since 2018 on photoshoots for magazines and personal projects. Her work is always top-tier, as is her professionalism. I will continue to work with her in the future."
